SATURDAY MORNING, NOV. 7, 1874.

Local and State Affairs.

The Election, at Middletown.

The election on Tuesday passed off as quietly and peaceably in this town as could possibly be. Not an angry dispute even occurred to ruffle the good tempers of the participants although the contest was waged at times with the utmost warmth. At the close of the election an anxious crowd gathered around the window to await the result, and when the announcement was made that the Democratic ticket was ahead it was received with loud cheers. The whole crowd then repaired to the telegraph office at the depot, to learn as much as possible of the result at other places. Ex-sheriff Herbert's dispatch announcing New Castle 275 ahead, was the first received, and was greeted with rousing hurrahs from the Democrats. The Republicans kept up their spirits pretty well until the wires brought the news that Wilmington had only given them 230—250. Then their "pale lips moved with fear" and "eyes looked 'gone' to eyes that spake again," and all didn't go "as merry as a marriage bell" with them by any means. But didn't the Democrats hurrah! Some. On Wednesday the excited Democrats having heard such good news the night before again flocked to town, and as hundred after hundred sent in its report and the belief became sure that the county was safe the delight of the Democrats knew no bounds, but when the news from New York, New Orleans, Maryland and other States came in, and that Massachusetts even had turned Democratic they became almost wild with delight. A little before noon the Governor elect drove into town and was greeted with the heartiest cheers and warmest congratulations.

Our Republican friends, to their credit, took it all good naturedly, and frequent pleasantries, in the way of banterings, passed between the victors and the vanquished, and, so far as we know, not an angry or harsh word was spoken on either side.

Kent Co. Rail Road Again in Trouble.

TRACK TORN UP BY THE EMPLOYEES.

The Kent County Rail Road is in trouble, and operation has entirely ceased, the last train having passed over it last Saturday, the train coming north that afternoon, bringing up the passenger car, notice having been given of the discontinuance of the trains. The cause of the trouble is said to be failure to pay the workmen on the road. The company is said to be several months behind in the payment of the wages of the train hands and other employees, and, in order to obtain the money due them, the employees tore up a portion of the track between Chestertown and Herring Ponds, and shipped the rails to Wilmington to be sold. A few days after the shipment a magistrate went from Townsend to Wilmington to hunt the missing Rail Road iron but could not find it.

A decree for the sale of the road has been obtained from the Kent County Circuit Court, and no improvement in the management of the road can be expected until the sale shall have been made.

Mittened.

My lady love has "Mittened" me
Through some coquettish "miff,"
I really cannot tell why she
Went off in such a "tiff."
But here's a letter from her now,
What will its lines disclose—
"I'll never be your wife, I vow"
"Till you wear TOWER HALL Clothes."

Gentlemen who want their worldly Suits to prosper had better get a suit of our splendid Clothing, the prices are guaranteed lower than the lowest to be found anywhere else-BENNETT & CO., TOWER HALL CLOTHING BAZAAR 518 MARKET STREET, halfway between Fifth and Sixth, Philadelphia.

Appropriations for Delaware.

In his forthcoming report the Chief Engineer of the War Department will recommend appropriations as follows: For Fort Mifflin bar, Delaware river, $50,000; for Fort Delaware, Delaware river, $25,000; Battery at Finn's Point, Delaware river, $40,000; for fort opposite Fort Delaware, Delaware shoal, $40,000; for the construction and repair of an ice harbor pier at New Castle, Delaware, $40,500; Wilmington Harbor, Delaware, $46,000; for the construction of a pier near Lewes. Delaware, $176,500; improvement of Broadkiln, Delaware, $70,500.

Granville Worrell.

Up in the right-hand corner of our third page will be found the advertisement of Granville Worrell, headed "Special," to which we invite the *special* attention of the readers of the TRANSCRIPT. Mr. Worrell, as every one knows, is the leading merchant of Wilmington, and as Delawareans like to "encourage home industry" which builds up their State, if they will go to Worrell's for any or all kinds of Domestic or foreign Dry Goods, Dress Goods, Fancy Goods, Carpets, &c., they will get what they want at reasonable prices.

Edward Moore's Clothing Store.

Now that the election is over, and the weather begins to grow colder as old winter approaches, men are beginning to look around for clothes that will keep them warm. The place to go for these most desirable goods in these hard times' is Edward Moore's old reliable clothing house in Wilmington. Read his Fall and Winter advertisement and profit by what you read.

Shot At.

On Thursday night as R. E. Smith was about retiring, some scoundrel fired a pistol at him through the window of his room Smith says the ball came within a few inches of him. It is generally believed that the whole thing was a "put up job." One of those "Kuklux outrages" on which the Republican papers like to dilate. As Smith is perfectly harmless, it is scarcely possible that any one would wish to hurt him.

THE STATE ELECTION.

COCHRAN, WILLIAMS, AND THE WHOLE DEMOCRATIC TICKET.

HIP, HIP, HURRAH!

A CLEAN SWEEP FROM BRANDYWINE TO BALTIMORE.

Everything Democratic.

LEVY COURT ALL RIGHT FOR FOUR YEARS TO COME.

MAJORITY IN STATE, 1646.

NEW CASTLE, 181. KENT, 561. SUSSEX, 692.

The election throughout the State passed off quietly and resulted in a splendid victory for the Democrats, who elected every man of their ticket in all three counties.

This secures to the white men of New Castle county the control of the Levy Court for the county for four years longer at least, as that body will remain six Democrats and five Republicans. This result in the county was better than the most sanguine Democrats anticipated. We hoped and expected to carry the county and elect our ticket, but only by a small majority of 50 or 60 votes.

In the State, too, the majority is better than was expected. No sane man expected to elect Major Lofland, but Dr. Jump's well known popularity, and gentlemanly bearing, which rendered him a worthy opponent, made us fear that he would run much better than he did, and we did not think our majority would go over 1000.

The election was one of the most hotly contested ones that have been held in this State for many years, and the result is a sure token of what may be expected in the future.

The re-election of Mr. Bayard to the U. S. Senate for the next six years, unless he is called to a higher position, is secure beyond a doubt.

Minor Topics.

The Rooster did the business.

Newark and Elkton each have a negro base ball club.

Hon. T. F. Bayard will go to the Senate again, Fisher just won't.

Prof. W. L. Boswell lectured on Shakespear at Delaware College last night.

Sheriff Armstrong, on Saturday, sold the Schuetzen Park, the property of the Wilmington Rifle Club, to Victor DuPont, for $16,000.

The case of the State *vs.* Robert F. Johnson, (colored) indicted for breaking into the house of and attempting to commit a rape upon person of Miss M. A Collins, on Bombay Hook, in the night time, resulted in a verdict of not guilty, and the prisoner was discharged.

A horse and buggy belonging to D. W. Corbit of Odessa, were stolen last Wednesday night week from near Mt. Pleasant. Mr. Corbit had loaned the team to Henry Gray to drive over to a political meeting, and while the same was in progress the theft was committed (They have since been returned.)

The new railroad in Sussex, the Breakwater & Frankford, is in trouble. The contractors, having completed their work, handed the road over to the Company last week, but the Company refused to accept it because the work is not satisfactory. A. Stirle, the Chief Engineer, has been removed and Mr. Sewell has been elected his successor.

A lad of sixteen, name Shannon, in Wilmington, tried to escape from a policeman by swimming across the Christiana, last Friday, but was drowned before he could reach the opposite bank. He had stolen a boat. The officer tried to rescue him but was unable. The boy's family are very respectable people.

Maryland Affairs.

The following real estate was sold at Chestertown, Kent county, on Tuesday of last week: The house and lot in chestertown, occupied by Dr J. Perkins, to J. K. Aldridge, for $2,135: the Waibel House, corner of High and Kent streets, for $800, and the Waibel farm, Quaker Neck, 51 acres, for $500; both purchased by J. N. Usilton. The Mason farm of the late A. J. Wallis, 175 acres without improvements, was also sold to Charles T. Westcott for $1,050.

A Convention was held in Easton last week, composed of the delegates from the eight granges in Talbot county. There were eight delegates from each grange, five gentlemen and three ladies. Capt. E. L. F. Hardcastle, of the Easton grange, was elected president; E. T. Benson, of Royal Oak Grange, secretary; F. Carroll Goldsborough, gatekeeper, and John Outram, steward.

Richard Williams, of Hall's cross roads, Queen Anne's county, known throughout the country as Squire Williams, whilst riding out with Mr. Roe, of the same village, on Monday week, suddenly appeared to fall asleep in the carriage, but after a few moments Mr. Roe discovered that he was dead.

In the Circuit Court of Kent county, at Chestertown, last week, the following sentences were pronounced: Chas. Woodward, arson, ten years in the penitentiary; Hamilton Chatham, arson, three years, George W. Jones, larceny, one year; Charles Carroll, larceny, eighteen months.

Messrs. Wm. H. Cheezum and Robert G. Boardley have purchased the material of the Easton Journal, and propose publishing a democratic newspaper in Centreville, Queen Anne's county.

The Eastern Shoreman says nearly all the strawberry plantations in and near Salisbury Wicomico county, have been in blossom this fall, and in some fields ripe berries have been discovered.

The Easton (Talbot county) Gazette says that if the Fifth Maryland Regiment visits Easton on Thanksgiving Day, as contemplated, there is not a citizen of that town that will not give them a hearty welcome.

The farm of Gibson & Feddeman, of Queen Anne's county, near Wye Mills, 235 acres, has been sold to John Mason, of New Jersey, for $2,325.

The rate of taxation in Talbot county this year is 97 5-16 cents on the $100. This includes State, county, and school tax.

The Dorchester county agricultural fair was held on Thursday and Friday of this week.

A New York despatch says the prominent Democratic candidates for United States Senator in New Jersey, to succeed Mr. Stockton, are ex-Governor Randolph, Hon. Jacob M. Vannata and Hon. Robert Gilchrist.

A Boston paper urges the Massachusetts Legislature to elect Charles Francis Adams U. S. Senator to succeed Sumner.

STRUGGLING WITH THE OCEAN.—Paul Boynton, well known among the habituees of Atlantic City as the champion swimmer, and who left New York a few weeks ago in the steamship Queen, with the intention of putting on a new life-saving apparatus and being thrown into the sea three hundred miles from the land, and then paddling himself to shore, has turned up in Ireland. It seems the captain of the Queen would not allow the experiment to be made as originally designed, so Boynton made an involuntary passage to the coast of the Green Isle. When the steamship had reached a point close to Fastnet Rock, Cape Clear, three miles, and the hamlet of Baltimore, seven miles distant, the commander of the Queen, having been frequently importuned, gave his permission for Boynton to go overboard. Boynton drew on his India rubber air-tight suit and inflated the air chambers; in his airtight sack he placed food for three days, a compass, a bull's-eye lantern, some books (just to beguile the time on the water,) some signal rockets and a United States flag. In his inside pocket he placed a mail which the passengers had given to him to post, he strapped his bowie knife and axe to his side, and grasping his paddle, was lowered into the water, amid the cheers of the passengers, at half-past nine o'clock P. M. It was a wild, dark night. He lay on his back paddling vigorously, and now the lights of the vessel were lost in the night. In a quarter of an hour more his spirit almost quailed, when tossed high on the crest of a wave he could no longer see the coast line or any lights. The wind blew, the rain poured down and the tide set dead against him. He was drifting out to sea, and to add to the awful loneliness of the situation, and to increase the dreadful peril, a violent gale commenced. He was tossed on mountainous waves, over which he floundered and paddled for dear life until 4 o'clock the next morning, having traversed a distance of thirty miles. He landed at Trefuska Bight, some miles from Baltimore, his original objective point. He then started for Cork, where he is now sporting a naval uniform, probably that of the nautilus navy of New Jersey, of which he is the only member.

Mantuamaking and Tailoring

Will be neatly and quickly done in all the newest styles by MRS. WHITE,

Lake St., 2 doors west of Broad,

Oct 24-1m. Middletown, Del

Mrs. Sarah Thornton, living at Day's Hollow, near Binghamton, N. Y., was murdered on Sunday by her brother-in-law, Levi Thornton. She refused to elope with him, and he cut her throat with a pocket knife. He subsequently cut his own throat, but is expected to recover.

A Substitute for Quinine.

For years, quinine was regarded as the only specific for malarious diseases, and immense quantities of the drug were annually consumed throughout our western country, more particularly along the river bottoms and adjoining low lands

With the fall months malaria, in all its varied forms, stalks like an epidemic through the land, and whole districts are prostrated with chills and fever, the entire population shaking with ague. Heretofore, quinine was regularly resorted to; but, while it frequently failed to effect a cure, it invariably deranged the stomach, producing nausea, vertigo and fugitive pains in the head to such an extent that months elapsed ere the system recovered from its effects. These objections to its use were so marked, that the introduction of Mishler's Herb Bitters was hailed as a triumph in medicine. Infinitely more certain in its beneficial effects than quinine, it possessed none of the demerits of that drug. Instead of nauseating, it tones and invigorates the stomach, and while speedily expelling the noxious humors, increases the appetite and facilitates digestion thus rendering the system stronger, and better fitted to resist the attacks of disease. In fact, a judicious use of Mishler's Herb Bitters at this season of the year, will prevent the recurrence of this disease, even in those who have never passed an autumn without it. An experience of twenty years proves it to be the greatest ANTI-PERIODIC known to medical science.

There are, perhaps, no diseases so subject to climatic changes as affections of the Kidneys. Hundreds of our farmers, mechanics, and laboring men, strong and hardy in all other respects, suffer continual inconvenience, and occasionally excruciating pains in the back and across the loins; experience a frequent desire to pass water, pain during its passage, and frequent stoppages in its flow. These are manifestations resulting from some strain or heavy lift (perhaps years ago), and aggravated by every change in the weather. Every slight cold flies direct to this one weak spot, and unless promptly attended to the disease becomes chronic, and the once strong man a miserable wreck. Mishler's Herb Bitters is the *only certain* remedy for this class of diseases. It has a peculiar tendency to the kidneys, stimulates them to healthy action, and removing the cause, prevents the formation of brick-dust deposits, which, if permitted to continue, will by cohesion form gravel stone, necessitating a painful operation for its removal. Many of the ingredients entering into its composition, are universally recognized as specifics for all complaints of the urinary organs. In Liver Complaint, Dyspepsia, all disorders of the Bowels, and affections of the Throat and Lungs, it is equally certain and efficacious; while, as a remedy for the complaints peculiar to the female sex, it has no equal. LADIES, old and young, married and single, in every condition of life, will find this GREAT FEMALE REMEDY *prompt, safe, certain and reliable*. The pale, sallow complexion is replaced by a blooming, healthful countenance, and its *occasional use* enables Nature to perform her functions REGULARLY AND WITHOUT INCONVENIENCE. Sold only in bottles by all Druggists and general dealers.

Have You Tried JURUBEBA?

ARE YOU

Weak, Nervous or Debilitated?

ARE you so languid that any exertion requires more of an effort than you feel capable of making?

Then try JURUBEBA, the wonderful tonic and invigorator, which acts so beneficially on the secretive organs as to impart vigor to all the vital forces.

It is no alcoholic appetizer, which stimulates for a short time, only to let the sufferer fall to a lower depth of misery, but it is a vegetable tonic acting directly on the liver and spleen.

It regulates the Bowels, quiets the nerves, and gives such a healthy tone to the whole system as to soon make the invalid feel like a new person.

Its operation is not violent, but is characterized by great gentleness; the patient experiences no sudden change, no marked results, but gradually his troubles

CORNS.—How they sting, throb, ache, smart and burn, upon our feet. In vain we beg, we threaten we curse, we flourish the sharpest knives above their heads, we burn, we cut, hack, hew and fell, and still the pesky corns remain a thing of misery. Useless are entreaties, tears, curses, groans; nothing can remove our corns but Briggs' Alleviator and Curative, a sure cure for Corns, Bunions, Ingrowing Nails, and all ailments of the feet.

RHEUMATISM.

A REMARKABLE CURE.

Home Testimony.

Mr. Wm. W. Rees, residing in South Wilmington and employed in the Diamond State Rolling Mill, suffered for nine months with the Rheumatism, and was under medical treatment without much effect during this time.—Sometimes could neither dress or undress, and and would suffer with fearful excruciating pains. Dr. Simms' Celebrated Pain Searcher cured after about four weeks' persistent use; the first bottle gave much relief, the second still more, and at the end of the fifth bottle was entirely well. As a further reference in this case we also refer to Messrs. Parry & Son, toy dealers, &c., King street.

Samuel Pyle, Mail Messenger, a bad case of Rheumatism, was effectually cured by the Pain Searcher.

Daniel R. Higgnutt's son, a boy of 12 years suffered excruciating pains, could not use his legs a particle, yet was able to walk in 24 hours. Two bottles cured in each of these cases. We could give many more references, we have a long list, but we think the above sufficient to convince any one.

THE PAIN SEARCHER

Quickly relieves Cramps and Pains, Neuralgia, Headache, Poothache, Diarrhœa, Dysentery, &c., and in Rheumatism it is certainly a wonderful medicine, not having failed in a single case. Used inwardly and outwardly.

Soluble Pacific Guano.

This was first introduced in 1864. It is sold extensively in the States of Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North and South Carolina, Georgia, Alabama, Mississippi, Louisiana, and other States for all Staple crops, viz:

WHEAT, CORN,

AND OTHER GRAINS,

TOBACCO, COTTON,

SUGAR-CANE, ETC.;

also for use on truck farms, with entire satisfaction to consumers.

It has encountered all the contingencies of varying seasons, and all the disasters to crops arising from natural causes.

It has steadily increased in popular favor, as is manifested by the fact that the demand this year exceeds by far that of any previous year of its use.

Messrs. F. K. Focke & Co. Philada:

DEAR SIR: I have used your Pacific Guano for a number of years, with various other phosphates, and was well pleased with the results. I can recommend it as being a good fertilizer. Very respectfully yours,

Messrs. F. K. Focke & Co. Philada:

SIRS: I used your Soluable Pacific Guano last fall on my wheat along side of Turner's Excelsior in the same field and as near the same quantity of each as I could drill them, and it there was any difference it was in favor of the Pacific Guano. It has done well for me and I pronounce it a good fertilizer. I want more this fall. Truly, &c.,

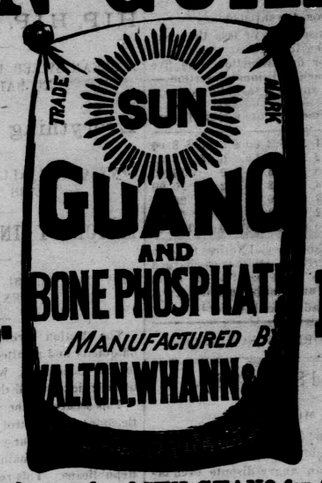
SUN GUANO.

$32 Per Ton.



$32 Per Ton.

The very large sale of SUN GUANO for Spring Crops, and the splendid results achieved by its application, have corroborated our representations of its excellent quality, and established it as the popular fertilizer of the peninsula.

A knowledge acquired by nine years' experience in the manufacture of fertilisers, with the assistance of our skilled Chemist, suggested the formula under which the SUN GUANO is prepared

At our extensive works we manufacture our own Sulphuric Acid and all the materials entering into the composition of the SUN GUANO direct from the rough; satisfied with a reasonable profit for ourselves, and not having to pay any profit to the manufacturers of chemicals, ground bone, and other materials used, we are enabled to offer the SUN GUANO at the extremely low price of

$32 PER TON.

and guarantee every ton free from adulteration and fully up to State Chemist's analysis.

Every material used in making the SUN GUANO is a fertiliser of itself, and by the judicious proportion of the different ingredients, we have attained results which make the fertilizer so universally satisfactory to all who have used it

☞We are MANUFACTURERS of fertilizers, and not MIXERS of manufactured articles from other factories, and are not compelled to add sand or other worthless substances to enable us to sell the SUN GUANO at this price.☜

The Sun Guano is in FINE DRILLING condition, and is for sale by all dealers.

The demand will be large for Wheat Seeding, and farmers are requested to order early.
